

# Great machines built for great minds.

OrangeTech is proud to partner with the Oklahoma State University College of Engineering, Architecture & Technology to offer the following strategically selected and specially equipped laptops at educational discounts especially for engineers. All prices include a four-year OrangeTech service plan, including protection against accidental damage. These laptops will be available for you to order and/or pick up this summer during New Student Orientation. Plus, be sure to ask about available financing options or how your student can use their financial aid to pay for their technology purchase. Contact OrangeTech for more information.
